

“This course provides the necessary personal infrastructure that a Commissioner needs to be a top performer on their respective Commissions. Also, the networking you gain and the friendships you forge across Indian Country are priceless!”

-Terri Morris, HR Manager  
Poarch Creek Gaming

“The NIGA Gaming Commission Certification training is the best! I would recommend this training over all the available trainings. This training is an excellent source for networking and training for Tribal Leaders, Attorneys and General Managers in Gaming. The training provides a greater understanding of the Gaming Commission and its obligation to protect and serve their Tribe.”

-Tess Greene, President  
Nez Perce Tribe Gaming Commission

“I highly recommend the NIGA Gaming Commissioner Certification Course, whether you are a new commissioner or have been one for years. This course will benefit everyone, from regulators, to casino managers and employees, to tribal elected officials and tribal attorneys. There is so much knowledge to be gained from this course.”

-Brett Barnes, Gaming Commissioner  
Eastern Shawnee Tribe of Oklahoma
